

Building Chatbot And Integrate To Application

Date	15 November 2022
Team ID	PNT2022TMID38230
Project Name	Smart Fashion Recommender Application

BUILDING CHATBOT:

The screenshot displays the IBM Watson Assistant interface. The top navigation bar includes 'IBM Watson Assistant Lite', 'Upgrade', and 'Alexa'. The left sidebar shows a menu with 'Actions' selected, and sub-items like 'Created by you', 'Set by assistant', 'Variables', 'Created by you', 'Set by assistant', 'Set by integration', and 'Saved responses'. The main area shows a table of actions with columns: Name, Last edited, Examples Count, and Status. The table lists 8 actions, all with a status of 'OK'.

Name	Last edited	Examples Count	Status
Date and time control	a day ago	15	OK
About Us	a day ago	1	OK
Thank you!	3 hours ago	13	OK
Alexa	an hour ago	7	OK
Create an account	a day ago	35	OK
Jokes please!	a day ago	19	OK
Just looking!	a day ago	18	OK
Back	3 hours ago	17	OK

At the bottom of the table, it says 'Items per page: 50' and 'Showing 1-8 of 8 actions'. A 'Preview' button is visible at the bottom right of the table area.

Conversation steps

1
I can help you with that! To create an account, we will need a few pieces of information. Let me guide...
Continue to next step

2
First, please provide your first name.
Free text
Continue to next step

3
Thanks! Now, enter your last name.
Free text
Continue to next step

4
Awesome. I'll also need an email address associated with your new account. We will need to...
Regex
Continue to next step

5
For added security, we can also add a phone number to your account. Would you like to do so?
Yes, I'd like t... No, my email...
Continue to next step

New step +

Customer starts with:

Enter phrases that a customer types or says to start the conversation about a specific topic. These phrases determine the task, problem, or question your customer has.

The more phrases you enter, the better your assistant can recognize what the customer wants.

Enter phrases your customer might use to start this action Total: 35
